- *Wed, 14 Apr 2010 9:00am AEST*

ABOUT PACIFIC ENVIROMIN LIMITED

PEV has a strategic holding of over 30 coal exploration tenements located in Queensland's Bowen, Galilee, Surat and Clarence- Moreton Basins. The philosophy of PEV's management is to secure strategic tenure by identifying available tenements close to operating mines or in areas with proven or potential in-ground resources in regions suitable for early development.

Having identified prospective areas for further exploration the company is now focused on exploiting the commercial value of the coal projects. This may include farm-in, joint venture exploration and joint venture development.

Paul Byrne
Executive Director
