RE: Price Query – Pacific Enviromin Limited

Our responses to your questions using your numbering:

1. The Company is not aware of any information concerning it that has not been announced which, if known, could be an explanation for recent trading in the securities of the Company. The Company considers that the movement in the share price is a direct result of market support following recent announcements relating to its investments in its coal exploration portfolio.
2. Not applicable.
3. The company does not expect to record any material abnormal or extraordinary profit for the period ended 31 December 2009.
4. Company Announcements on 5 November 2009, 19 November 2009 and 30 November 2009 reported the Company's investment in coal exploration building a portfolio of Exploration Permit for Coal Applications. The company has engaged consultants to complete independent reviews of the tenements to identify exploration potential for each of the exploration targets. The results of these reviews are and will be announced to the market as soon as completed. The company intends to release a preliminary summary of the tenements under review early next week.

Placement of an additional 40,000,000 shares was approved by shareholders on 30 November 2009. Placement has commenced with brokers and investors who have shown considerable interest in the Company's investment in its coal portfolio.

Yours faithfully

**Pacific Enviromin Limited (the "Company")
PRICE QUERY**

We have noted a change in the price of the Company's securities from a closing price of 1.2 cents at close of trading on Wednesday, 9 December 2009 to a high of 2.6 cents intra-day trading today, 18 December 2009. We have also noted an increase in the volume of trading in the securities over this period.

In light of the price change and increase in volume, please respond to each of the following questions.

1. Is the Company aware of any information concerning it that has not been announced which, if known, could be an explanation for recent trading in the securities of the Company?

Please note that as recent trading in the Company's securities could indicate that information has ceased to be confidential, the Company is unable to rely on the exceptions to listing rule 3.1 contained in listing rule 3.1A when answering this question.

2. If the answer to question 1 is yes, can an announcement be made immediately? If not, why not and when is it expected that an announcement will be made?

Please note, if the answer to question 1 is yes and an announcement cannot be made immediately, you need to contact us to discuss this and you need to consider a trading halt (see below).

3. Is there any reason to think that the Company may record any material abnormal or extraordinary profit for the period ending 31 December 2009? If so, please provide details.
4. Is there any other explanation that the Company may have for the price change and increase in volume in the securities of the Company?
5. Please confirm that the Company is in compliance with the listing rules and, in particular, listing rule 3.1.

Your response should be sent to Melissa Grundy and Patrick O'Connor by email at melissa.grundy@asx.com.au and patrick.oconnor@asx.com.au or by facsimile on facsimile number (07) 3832 4114. It should not be sent to the Company Announcements Office.

Unless the information is required immediately under listing rule 3.1, a response is requested as soon as possible and, in any event, **by 3:00 pm (Brisbane time) Friday, 18 December 2009**.

Under listing rule 18.7A, a copy of this query and your response will be released to the market, so your response should be in a suitable form and separately address each of the questions asked. If you have any queries or concerns, please contact me immediately.

Listing rule 3.1

Listing rule 3.1 requires an entity to give ASX immediately any information concerning it that a reasonable person would expect to have a material effect on the price or value of the entity's securities. The exceptions to this requirement are set out in listing rule 3.1A.

In responding to this letter you should consult listing rule 3.1 and Guidance Note 8 – Continuous Disclosure: listing rule 3.1.

If the information requested by this letter is information required to be given to ASX under listing rule 3.1 your obligation is to disclose the information immediately.

Your responsibility under listing rule 3.1 is not confined to, or necessarily satisfied by, answering the questions set out in this letter.

Trading halt

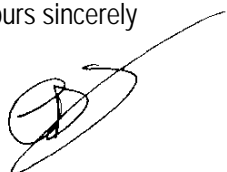

If you are unable to respond by the time requested, or if the answer to question 1 is yes and an announcement cannot be made immediately, you should consider a request for a trading halt in the Company's securities. As set out in listing rule 17.1 and Guidance Note 16 – Trading Halts we may grant a trading halt at your request. We may require the request to be in writing. We are not required to act on your request. You must tell us each of the following.

- The reasons for the trading halt.
- How long you want the trading halt to last.
- The event you expect to happen that will end the trading halt.
- That you are not aware of any reason why the trading halt should not be granted.
- Any other information necessary to inform the market about the trading halt, or that we ask for.

The trading halt cannot extend past the commencement of normal trading on the second day after the day on which it is granted. If a trading halt is requested and granted and you are still unable to reply to this letter before the commencement of trading, suspension from quotation would normally be imposed by us from the commencement of trading if not previously requested by you. The same applies if you have requested a trading halt because you are unable to release information to the market, and are still unable to do so before the commencement of trading.

If you have any queries regarding any of the above, please let me know.

Yours sincerely

Gregory Seeto
Adviser, Issuers (Brisbane)
